

Printing date 11.07.2023	Version number 1.00	Revision: 01.06.2023
SECTION 1: Identification of the	substance/mixture and of the company/und	ertaking
1.1 Product identifier Trade name: Product Codes	<u>Titanium dioxide (trial pigment, TMP-free)</u> 3752	
CAS Number: EC number: EU REACH Registration number:	13463-67-7 236-675-5 01-2119489379-17-xxxx	
Downstream User Import Notification (DUIN)	submitted (2021)	
1.2 Relevant identified uses of the light of the substance or mixture	ne substance or mixture and uses advised ag White pigment for application in architectural coatings	gainst
Uses advised against	industrial coatings None	
1.3 Details of the supplier of the	safety data sheet	
Manufacturer/Supplier:	KRONOS INTERNATIONAL, Inc. Peschstrasse 5 51373 Leverkusen, Germany Tel.: INT +49 214 356-0	
1.4 EMERGENCY TELEPHONE NUMBER:	KRONOS INTERNATIONAL, Inc. (Germany) Tel.: INT + 49 214 356-4444	
SECTION 2: Hazards identification	on	
2.1 Classification of the substan Classification according to Regulation (EC) No 1272/2008	ce or mixture The substance is not classified, according regulation.	to the GB CLP
2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 Hazard pictograms Signal word Hazard statements	not applicable not applicable not applicable not applicable	
Additional information:	The products identified in Section 1.1 are n Regulation 2020/217 (14th ATP to Regulation VI). EUH 210 and EUH 212 are included in S EUH210 Safety data sheet available on requ EUH212 Warning! Hazardous respirable du used. Do not breathe dust.	on (EU) 1272/2008, Annex Section 2.2 voluntarily. Juest.

Safety data sheet according to 1907/2006/EC Art. 31, as amended by UK REACH Regulations SI 2019/758

Printing date 11.07.2023

Version number 1.00

Revision: 01.06.2023

Trade name: Titanium dioxide (trial pigment, TMP-free)

(Contd. of page 1)

2.3 Other hazards Results of PBT and vPvB assessment

The product does not fulfill the criteria for PBT and vPvB according to Annex XIII of UK REACH.

SECTION 3: Composition/information on ingredients

3.1 Substances CAS No. Designation: EC number:

CAS: 13463-67-7 titanium dioxide 236-675-5

SECTION 4: First aid measures

4.1 Description of first aid measu General information: After inhalation:	No special measures required.
After inhalation:	
	Supply fresh air; consult doctor in case of symptoms.
After skin contact:	Wash with water and soap and rinse thoroughly.
After eye contact:	Rinse opened eye for several minutes under running water. In case of persistent symptoms consult physician.
After swallowing:	Rinse out mouth and then drink plenty of water.
4.2 Most important symptoms and effects, both acute and delayed	No further relevant information available.
4.3 Indication of any immediate medical attention and special treatment needed	No further relevant information available.
SECTION 5: Firefighting measure	es a la companya de l
5.1 Extinguishing media Suitable extinguishing agents:	Use fire fighting measures that suit the environment. The product is not flammable.
5.2 Special hazards arising from the substance or mixture	None
5.3 Advice for firefighters Protective equipment:	Use protective measures that suit the hazard conditions. (Contd. on page 3)
	After swallowing: 4.2 Most important symptoms and effects, both acute and delayed 4.3 Indication of any immediate medical attention and special treatment needed SECTION 5: Firefighting measure 5.1 Extinguishing media Suitable extinguishing agents: 5.2 Special hazards arising from the substance or mixture 5.3 Advice for firefighters

Printing date 11.07.2023

Version number 1.00

Revision: 01.06.2023

Trade name: Titanium dioxide (trial pigment, TMP-free)

(Contd. of page 2)

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures	Avoid causing dust. If workplace exposure limits are exceeded, use respiratory protection according to national regulations.	
6.2 Environmental precautions:	No special measures required.	
6.3 Methods and material for containment and cleaning up:	Collect mechanically. Avoid causing dust.	
6.4 Reference to other sections	See Section 8 for information on personal protective equipment. See Section 13 for information on disposal.	
SECTION 7: Handling and storage	Je	
 7.1 Precautions for safe handling Information about protection against explosions and fires: 7.2 Conditions for safe storage, Requirements to be met by storerooms and containers: Information about storage in one common storage facility: Further information about storage conditions: 7.3 Specific end use(s) 	Provide vacuum dust collection if dust is formed. The product is not flammable. including any incompatibilities No special requirements. Not required. Store under dry conditions. No further relevant information available.	
SECTION 8: Exposure controls/personal protection 8.1 Control parameters		

(Contd. on page 4) GB

Version number 1.00

Revision: 01.06.2023

Trade name: Titanium dioxide (trial pigment, TMP-free)

	(Contd. of page 3)
8.2 Exposure controls	
Individual protection measures General protective and hygienic	, such as personal protective equipment
measures:	The usual precautionary measures should be adhered to in handling chemicals. Titanium dioxide pigments are not irritants but as with all fine powders can absorb moisture and natural oil from the surface of the skin during prolonged exposure. Prolonged exposure should be avoided by wearing suitable protective gloves and clothing.
Breathing equipment:	If workplace exposure limits are exceeded, use respiratory protection according to national regulations. EN149: FFP2; EN143: P2
Hand protection	Requirements according to EN 374 Check protective gloves prior to each use for their proper condition. Preventive skin protection by use of skin-protecting agents is recommended.
Material of gloves:	The selection of suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. If the product is used in a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.
Eye/face protection	Safety glasses
Body protection:	Protective work clothing.

SECTION 9: Physical and chemical properties

General Information		
Colour:	White	
Smell:	Odourless	
Odour threshold:	Not relevant	
Melting point/freezing point:	>1800°C	
Boiling point or initial boiling point and boiling		
range	Not relevant	
Flammability	Product is not flammable.	
Flash point:	Not applicable	
pH (100 g/l) at 20°C	7 - 8.5	
Viscosity:		
Kinematic viscosity	Not applicable	
Solubility in / Miscibility with		
	Insoluble	
Water:	IIISUIUDIE
